## SUPER TRACER | 8 & 16 Zone Alarm Panel

**MAMI's feature packed flagship alarm panel. Mami's Tracer can be used with or without a keypad. The arming and disarming can be solely controlled by remote control. The Multi-user function allows a single tracer alarm panel to be used to protect up to 8 individual alarm areas/users such as in sub-let shops or business tenants**

### FEATURES:

- 8 Zones, BOTH wired and/or wireless
- Key-switch or remote control operation
- Automatic Activation of security lights on alarm or warning conditions
- Radio (VHF, UHF) or GSM / GPRS communication / monitoring
- Programmable alarm outputs
- Programmable reporting of battery low in wireless detectors
- Four preset arm/warning levels
- Quick installation using plug-in connectors
- Extensive lightning protection

**The Tracer panel is MAMI's rock-solid reliable Alarm Panel with:**

- 8 hardwire EOL zones
- 8 supervised wireless zones
- 8 two-wire SPI perimeter zones (tracer 8)
