
GATTO II | 2or 4 CHANNEL RECEIVER

The Gatto is a programmable 2/4 channel receiver capable of storing up to 100 different remote control codes.

Each of the voltage-free relay outputs may be programmed for on, off, flip flop, momentary and timer up to 1 hour.

The Gatto may receive from a combination of wireless products such as remote controls, wireless motion detectors and wireless door contacts.

COMPATIBLE DEVICES:

- Topo remote control
- Chameleon remote control
- Wireless motion detectors
- Wireless door guards
