

VERICAM 2 | INDOOR 360° WIRELESS PANORAMIC PTZ CAMERA

Dimensions: 130mm x 94mm

The VeriCam 2 offers outstanding full HD 1080p resolution with crystal-clear, full color images including 360° wide monitoring angles, which ensures every corner of your home or office is visible. It also features IR night vision, motion detection and instant motion alerts as well as two-way audio.

Digitally "Patrol" a room by turning the Motion Tracking feature on. When no motion is detected, the camera will trigger the tracking mode, and will automatically pan and tilt to scan the environment, alerting you when motion is detected.
