

### PB705 | ASSET TRACKER

The PB708-Pro is a sticker style tag that enables precise global positioning based on a Bluetooth crowdsourcing network, without the need for an additional sim card. The device is only 1.7mm thick and weighs just 10 grams. It uses a flexible manufacturing process allowing it to be easily attached to flat surfaces. The device is powered by a high-capacity disposable lithium battery offering up to two years of uninterrupted power. This means it's ideal for various applications including logistics, transportation and asset management.

- Ultra-thin smart label design
- Real-time traceability & visibility
- Bluetooth-enabled smart tracking
- Crowdsourced location technology
- Waterproof and durable
- Eco-friendly disposable battery
