PB713 Track Tag Slim

Ultra-Thin Bluetooth Tracking Tag

The PB713 Track Tag Slim is an ultra-thin, card-style Bluetooth tracker designed for wallets, luggage, backpacks and other valuable items. Using Bluetooth crowdsourced positioning, it helps locate tracked items without requiring a SIM card. At only 1.6 mm thick and weighing just 12 g, it fits discreetly into everyday belongings. With IP68 protection and up to 36 months of service life, the PB713 provides a compact, low-maintenance tracking solution.
